

# Clean Money Petition for Public Open-Source Paper Ballot Voting

Increase security and confidence in our election vote counting!

Event: \_\_\_\_\_

Date: \_\_\_\_\_

Circulator: \_\_\_\_\_

We, the undersigned, urge Governor Brown, Secretary of State Padilla, and all legislators to increase the security of our elections by supporting development of publicly owned, open-source paper ballot voting systems using a General Public License. Such open-source systems will be more secure and transparent than secret proprietary software from corporate vendors; and after certification by the Secretary of State, every county can use the resulting open-source software at no cost, thus reducing election expenses and increasing confidence in the fairness and accuracy of our vote counts.

Paid for by the California Clean Money Campaign, a grassroots 501(c)(3) organization working to fight the undue influence of special interest money in politics since 2001.

PLEASE PROVIDE YOUR EMAIL for occasional alerts about easy actions you can take to help pass this and other Clean Money bills. CIRCLE "YES" BELOW "TEXTS" for occasional text action alerts on your phone. <i>We will never share or sell your info.</i>				Volunteer ?	Donate ?	Are You ?
